Classroom NEWSLETTER DEC 2024

INTER - SCHOOL COMPETITION ON GIVING PLASTIC WASTE A CHANGE

Monthly Recap...

- We learnt about our Lord and His son, Jesus Christ! and the spirit of Christmas!
- ...how waste plastic can be reused and recycled and how amazing things like the solar system can be made using it!
- ...about the unmatched bravery and sacrifices of Baba Zorawar Singh and Baba Fateh Singh.
- We celebrated SemQuesta with a Hindi quiz and Talent Hunt. It was a fun-filled event showcasing our skills and knowledge!
- We had endless fun and excitement at the Rungmanch Farms!

Plastic waste is a major environmental concern as it takes hundreds of years to decompose. This leads to pollution in landfills, rivers, and oceans. Many animals mistake plastic for food, causing harm to their health and sometimes even death. To reduce the impact of plastic waste, it is important to recycle, reuse, and cut down on plastic use, promoting more sustainable alternatives to protect our planet.
